SOLO SHOW / INDIA ART FAIR, NEW DELHI

9<sup>TH</sup> – 12<sup>TH</sup> FEBRUARY 2018

“Chowdhury revels in creating images that are not beautiful - they are not painterly, like the *Woman with Silver Necklace* (2011), but his women have a rustic radiance and enigmatic elegance in the way he succinctly captures a transient moment of vulnerability with an accurate yet lyrical clarity that stems from his highly developed technique and deep understanding of his subject and the human condition.”

- Uma Nair, eminent art critic

When Chowdhury creates stunning pastel works on paper, there are no backgrounds.

With effortless ease, his figures are woven into a shape with a spidery web of dense cross-hatched lines, fleshed out with a hint of colour, added with a soft dry pastel.

“All art that is truly born from within, is born out of a restless urge that springs from a state of disturbances, distances and surprises that we perceive in life's many journeys.”

“The *piece de resistance* of the solo is this work, a bare bodomed female figure holding a skull that looks surreal because of its threaded facade - almost held as a trophy as she contemplates. The threaded textural terrain of the skull matches the *vastra* she wears as well as her hair pulled back into a bun.”

In *Man Seated on the Floor*, he portrays using powerful, fluid lines and the pastel shades of cross-hatching with an accuracy and depth so characteristic of his style.

The undulating contours of the figurative body as well as the profile of the face he creates, render a sense of rhythmic movement that is rare, if not animated.
